Repairs performed by Tarm Biomass are based on Tarm Biomass's visual inspection and investigation of the area of the reported problem. Tarm Biomass will only perform a visual inspection, and cannot guarantee that no additional problems may be discovered once repairs begin. Customer acknowledges and understands that, after Tarm Biomass commences its work, new or additional problems may be uncovered that were not discovered by Tarm Biomass's visual inspection and that the price and time to complete the repairs may be increased as a result of such problems. Customer further acknowledges and agrees that Tarm Biomass is not responsible for damages due to existing conditions simply because Tarm Biomass started work or performed repair work. No warranties, expressed or implied, are provided by Tarm Biomass in connection with service work unless otherwise agreed in advanced in writing.
