

# Cord Wood Boilers Project Summary

*Improving the way you live  
with renewable heating!*

**Green Mountain Club, Waterbury Center, VT**

Fröling FHG 50

Fröling FHG Cross Section

## Summary:

<b>Site</b>	Green Mountain Club
<b>Application</b>	New visitor center and existing staff building.
<b>Renewable Option</b>	Install 2 wood boilers with thermal storage. One boiler will be containerized because the staff building is not large enough to house the boiler system.
<b>Boiler Type</b>	Fröling FHG 30 kW and 50 kW wood boiler.
<b>Solution</b>	Offsetting 2,200 gallons of heating oil annually. Fuel dollars retained locally: \$5,400/yr. All fuel will be harvested from club-owned land.
<b>Installer</b>	Sunwood Biomass 124 Fiddlers Green Waitsfield, VT 05673   802-583-9300   sunwoodbiomass.com
